motivation

- Experience using telemetry and metrics to drive operational excellence

## About Salesforce

We're Salesforce, the Customer Company, inspiring the future of business with AI+ Data +CRM. Leading with our core values, we help companies across every industry blaze new trails and connect with customers in a whole new way. And, we empower you to be a Trailblazer, too – driving your performance and career growth, charting new paths, and improving the state of the world. If you believe in business as the greatest platform for change and in companies doing well and doing good – you've come to the right place.

Want your line of code to have a significant and measurable positive impact on users, the company's bottom line, and industry? Join Salesforce and define the future of cloud computing. We deliver a scalable, high performance cloud computing platform that delights our customers, and is used by millions of people around the world each day for their business. You will be working with a group of world-class engineers to build breakthrough features that our customers will love, adopt and use while keeping our trusted platform stable and scalable. The software engineer role at Salesforce encompasses architecture, design, implementation, and testing to ensure we build products right and release them with high quality.

From Marketing Cloud to Service Cloud, Platform to IoT

such as equal pay, employee resource groups, inclusive

[www.salesforcebenefits.com](https://www.salesforcebenefits.com).

Salesforce is an equal opportunity employer and maintains a policy of non-discrimination with all employees and applicants for employment. What does that mean exactly? It means that at Salesforce, we believe in equality for all. And we believe we can lead the path to equality in part by creating a workplace that's inclusive, and free from discrimination. [Know your rights: workplace discrimination is illegal](#). Any employee or potential employee will be assessed on the basis of merit, competence and qualifications – without regard to race, religion, color, national origin, sex, sexual orientation, gender expression or identity, transgender status, age, disability, veteran or marital status, political viewpoint, or other classifications protected by law. This policy applies to current and prospective employees, no matter where they are in their Salesforce employment journey. It also applies to recruiting, hiring, job assignment, compensation, promotion, benefits, training, assessment of job performance, discipline, termination, and everything in between. Recruiting, hiring, and promotion decisions at Salesforce are fair and based on merit. The same goes for compensation, benefits, promotions, transfers, reduction in workforce, recall, training, and education.

Salesforce welcomes all.

In the United States, compensation offered will be determined by factors such as location, job level, job-related knowledge, skills, and experience. Certain roles may
